#### THE NEW NAVY LEAGUE.

As the American Navy grows interest In its growth and advancement is being depth of the water will accommodate aroused throughout the country. No the ships which are taking their places section of the United States has greater. reason to desire a powerful navy than in the mid-Pacific, as these Islands are it is to the navy that we must look for protection. The wonderful growth of the German navy in the last ten years and the intense interest aroused among the German people by the German Navy League has caused similar action to be taken by a number of spirited men in the United States.

On December 27, 1902, the United States Navy League was incorporated at Albany, New York, the incorporators eing Messrs, Jacob W. Miller, Jarvis Edson, Washington Irving, Herbert L. Satterlee and Jennings S. Cox, and the directors include the gentlemen named, ogether with Ex-Secretary of the Navy Benjamin Tracy, Allen S. Apgar, William Butler Duncan, Jr., Charles H. Loring, Henry Eckford Rhoades, G. B. terday of the Trustees of the Bishov Satteriee, Robert S. Sloan, J. Frederick Estate asking for a construction of the B. P. Bishop Will. The point raised is Poel and T. C. Wood. From this board rather a novel one. The original will of directors several committees have grants to the trustees "full power to been chosen for the purpose of devising lease or sell any portion of my real the methods and marking out the lines estate, and to re-invest the proceeds along which the work of the League

Speaking of the incorporation of the United States Navy League and its objects, the Army and Navy Journal of

"The general purpose of this undertaking is to interest the people at large in the urgent work of building up our navy. It is proposed through the organization of the Navy League to array the sentiment of the nation in support of a broad-gauge policy of naval expansion. The gentlemen who have taken the think it expedient, and generally to initiative in this project are citizens of make such investment as they consider high standing and wide experience, It is further provided that the whose single object is to arouse the trustees shall "manage" the estate in- people to a sympathetic understanding of the growing needs of the naval es-

> It is well known that the Navy Leagues of England, Germany and France are exerting powerful influences in the upbuilding of the navies of those countries and it is desired to build up similar influences in support of Navy in the United States. In this work Honolulu will be found in the front rank with a strong "Section" of the United States Navy League.

# NEEDS OF OAHU.

In a fit of envy entirely unworthy and decidedly out of place, with its general habit of viewing matters fairly, the Hilo Tribune lashes itself into a fine frenzy, calls names and exudes venom at every pore, over a condition of things which does not exist, and ends up its diatribe with the usual fling at the government. It is really too bad that Honolulu should be the capital, but even that cannot be changed for the accommodation of the green

eyed natatorialists. Honolulu, according to the county law as it was signed by the Governor, will receive from the Territory, on Missouri boodlers have been detected which to commence business, \$520,000, or about 71 per cent of the total. This is not an exorbitant amount, when it is taken into consideration that of the taxes from which the amounts to be so paid out will be taken Oahu will pay into the coffers over 60 per cent, seconding to the present outlook. Yet Honolulu is the center of Island business activity and of any appropriations that are made every citizen of ist resort, against the West Indies, which the Territory will receive a proper- have very largely the same character of tionate benefit. This is recognized in attractions? every other state and territory, where the capital is fostered and beautified

by the commonwealth.

the necessity is absolute for immediate action if Honolulu is to hold its trade. The day has passed when the present in the Pacific trade. It would seem to be a simple matter of calculation as to has the Territory of Hawaii. Situated the amounts which are absolutely necessary to make this port the home for the new class of vessels, the forerunners of which are to be seen in the Siberia and Korea, and the greatest development is heralded by the Minne-

sota. Talk of leaving to Congress the provision of an entrance and the deepening of the bay is idle, for the work would be delayed until the opportunity to grasp the trade had passed. Would any one argue that the entire Territory would not benefit, and directly, by having all the possible commerce come to Honolulu? Hilo would thereby get the Hon's share of inter-island travel. This is certain. Honolulu is working now for Hilo in the work being done toward tourist advertising, yet Hilo has not volunteered a particle of aid. It is not the time for the "anvil chorus," but for a song of progress in unison.

### BOND ISSUES.

Experience with the Fire Claims bonds should be taken to heart by the governmental financiers and the now authorized issues of Territorial securities should be made under the most approyed systems. It is imperative that credit of the Territory be kept at the top notch and to do this there must be sent out only the very highest class type of bond, it must be given a standing in financial centers and its integrity must be unassallable.

The bond experts of today are a unit in favor of the very highest class type of engraved and printed bond. chances of successful forgery must be reduced to the minimum and with Hawaii, isolated as it is, there would seem necessary some arrangement whereby (Kamehameha) schools, or for the best interest of my estate."

"The scope of the League is as broad in New York there would be a recogniterest of my estate."

The trustees own several thousand eligible to manyhorship.

Much success has attended a recent plan for accomplishing this end. The method in brief is the use of a very finely executed plate prepared by the company so preparing the bond certifying to the genuineness of each document and as well keeping for inspection a legal opinion on the law under which the bond is issued. These conditions meet the requirements of the ordinary peal." buyer. The office of the operating agency is in New York, the financial center, and the bond with certificate from the concern is certain to be regarded more highly than if it was simply issued here and the only connection made in the East should be a simple arrangement for the payment of inter-

The remoteness of Hawaii may make the bonds authorized to be issued at five per cent and to be sold at not less than ninety-eight, an undesirable commodity. Even with a congressional pledge of Hawalian revenues the Fire Claims bonds are not freely sought at ninety. The bond issues of the Territory are based on the public lands as a sinking fund; all revenues from the sale of the public domain go to redeem the ecurities, and the value of the bonds is therefore absolute, but New York and consequently steps is far away should be undertaken that will give the bonds a status second to none,

# STEAMER FARES AGAIN.

[The Official and Commercial Record.]

The Record recently called attention to he fact that steamer fares between San Francisco and Honolulu had been raised, and that the greatest obstacle now in the way of tourist travel is the high passage rate charged, as compared with the rates on competing tourist routes.

The subject is brought to the front screw and finely fitted for passengers.

GOOD FROM MAY 1, TO OCTOBER 1,

Compare this with the rates charged on the steamers between San Francisco and get such a hold on him that he will so States and of the various maritime Honolulu. The rate is \$135 for the round trip, and on the Oceanic boats, all but the lower deck rooms cost an additional \$19 for each berth each way, or \$20 additional for the round trip. Reduced to mileage figures, the com-

arison is as follows:

Boston to Jamaica and return 3,200 niles, cost per mile, 1 8-10 cents. San Francisco to Honolulu and return,

100 miles, cost per mile, 3 2-10 cents. San Francisco to Honolulu and return, 4.160 miles, in any except lower deck room,

ost per mile, 3 7-10 cents. In other words, a man can make the ound trip from any part of the Eastern States to the heart of the West Indies. twice and it will cost him \$15 less than will to make the San Francisco-Honolu trip once, even if he takes the cheapst room on the Honolulu steamer. If he takes an upper deck room and frequently he will have to because the others are cupied, he can make the two trips to Jamaica for \$35 less than the one trip to

In addition to this he will have to pay allroad and hotel expenses across the

The situation is even worse than this. A round trip from Chicago to Boston, inluding sleeping car, costs only about \$40. A man can therefore make the round trip from Chicago to Jamaica, taking in Detroit. Niagara Falls. Buffalo, Albany and the Hudson River on the way, for \$100, or \$15 less than the cheapest first cabin fare on a Honolulu steamer. This spare money will enable him to take in New York, Philadelphia and Washington,

and still be in pocket.
Under these circumstances what chance has Hawaii to compete as a tropical tour-

An earnest effort should be made to induce the steamship companies, to reduce passenger rates to Honolulu to a There is objection made that appro-point where Hawaii can compete with priations are made for Honolulu har-rival resorts on an even basis. She is now bor. It is apparent to every one that too heavily handleapped to win.

# There Are Many Objections to the Measure.

Governor Dole yesterday vetoed the general municipal bill, which was drafted by the Republican Central Committee. It is likely that the veto will be sustained in the Senate, at least, as the Long bill was passed yesterday with the intention of remedying the defects pointed out by the Governor in the general municipal bill.

The Governor's first objection to the bill is the conflict between the jurisdiction of district and Territorial magistrates. He says on this point:

"It is not easy to forecast the confusion and conflict of authority that would be likely to arise from such legislation. With district magistrates as county and Territorial officers, still exercising their authority, and county police acting under the county law, the unseemly competition between the inevitably arise for arresting and tryand turning the fines and costs into the respective treasuries from which such officers are paid and for controlling the labor of prisoners, is something that is not pleasant to contemplate.

"Moreover, the provision of section 43 that such cases shall be tried by police justices "without the intervention of a jury" affects in certain classes of such cases the rights of parties to a trial by jury to the extent of depriving them of such rights except upon ap-

A second objection is to the power given cities to take private property, both within and without the city, for public use, which the Governor thinks unwise, as the cities would not exercise the same discretion outside of their jurisdiction as within the city. As the right would be used more especially in the acquisition of cemeteries, the Governor thinks it improper. Governor Dole says in conclusion:

"The extension to this power to property outside of city limits is, in my opinion, dangerous, mischievous, and unnecessary.

MUST BE TERRITORIAL DOCK. "Section 86 requires that the Territoial authorities transfer the control of such wharves and docks as may be in their possession within the limits of any city to the authorities thereof. "This is contrary to the provisions of section 89 of the Organic Act, which provides that wharves and landings constructed or controlled by the Republic of Hawaii "shall remain under

the control of the government of the Territory of Hawaii, which shall receive and enjoy all revenues derived therefrom." "Section 66 gives the City Council power by a two-thirds vote to "order the Mayor to borrw a sufficient sum to provide for the expense necessary to be incurred in making any repairs or restoration of improvements," the

necessity of which has arisen after the ast annual appropriations. TOO MUCH LOAN POWER.

The provision of the Organic Act in relation to the borrowing powers of the several territorial governments is con-tained in section 55 and is in part as 'Nor shall any debt be authorized to be contracted by or on behalf of the Territory, or any political or municipal corporation or subdivision thereof except to pay the interest upon the existing indebtedness, to suppress insurrection or to provide for the common defense, except that in addition to any indebtedness created for such purposes, the Legislature may authorize loans by the Territory or any subdivision thereof for the erection public improvements, subject to the limitation of one per cent of the assessed value of taxable property in the Territory or subdivision thereof, for annual loans and the three per cent limitation for the aggregate indebtedness by such divisions; and further subject to the approval of the Presi-

"There seems to be no valid reason for construing this provision to mean that while the Territory is limited in its borrowing powers, the Legislature may authorize loans by a city without limit except as provided in the Organic

Section 74 gives a city the power to lease and grant for any term of years to any person or persons, company or corporation, 'the exclusive right to construct and maintain a system of water works to supply said city with water.

"It is a serious matter to give a city the power to grant rights of this character without limit as to time, but when such rights are exclusive as well as unlimited as to time, the provision is

most alarming.
"Under this power the Supervisors might deliver their city to be bound hand and foot by a water monopoly which could be secured in its privileges by law, for a thousand years or more, were it not for the provision of the Organic Act (section 55) forbidding the grant of any 'exclusive privilege, immunity, or franchise without the ap-proval of Congress.' Even the remoteness of the possibility that Congress might approve of such legislation does not remove its dangerous quality.

With these important defects, I do not see how the bill in question can be of any value as a law, for the incorporation of cities, but fear that it would be a fruitful source of judicial conflicts, litigation and unnecessary increase of the cost of living to cit-izens. "S. B. DOLE. "Governor."

## LOCAL BREVITIES.

(From Sunday's Daily.)

W. M. Giffard was admitted to citizenship by Judge Estee yesterday.

An answer making general denial has been filed in the Craft divorce case, A number of valuable horses are com-

ing to Honolulu on the W. H. Dimond. A materialmen's lien for \$255.60 has been filed against Sun Lock Co. by Won and Loui Co.

G. W. Carr, superintendent of railway mail service, returned to Honolulu or the Nevadan yesterday and will resume his duties here.

Mr. Gerfit P. Wilder is one of the patients in Miss. M. Johnson's sani-tarium at Kewalo street where he has been under some surgical operation. S. Minekishi, Japanese Commissioner of Commerce and Agriculture, who has been studying conditions in South America, will shortly be a visitor in

Mrs. Helen Wilder Craft leaves for the mainland in the Siberia and may be absent from the Islands for a year or She will take in the St. Louis Exposition next year.

Honolulu.

Yesterday was not the last day on which Governor Dole had to sign the Municipal bill. A message will be sent to the Legislature on Monday which is the end of the ten days.

The British cruiser Amphion and the torpedo boat destroyers Sparrowhawk and Virago, are about due, but the of-ficers of the Amphitrite do not expect them to arrive until tomorrow.

Mrs. Whittaker Ray, formerly Gladys Piver, was granted a divorce in San Francisco on April 15 and she has resumed her maiden name. Witnesses testified they saw Ray choking his wife, Members of the Legislature received

copies of resolutions adopted at a Waicounty and city officials that would luku mass meeting by wireless yester-They were requested to approday. ing offenders against Territorial law priate \$50,000 for improving the harbor at Kahului and also to assist the wire-

Judge De Bolt yesterday began th rehearing of the case of Fowler v Catton.

Judge Gear yesterday granted license to practice law to Zerrubbab Kakina. He is a resident of Kauai. Judge Estee yesterday heard argu ments on demurrer in the case of Na waeaha vs. Wilder Steamship Con

Mrs, Walter M. Giffard and Miss Jen nie Giffard leave for San Francisco to day in the Sonoma. They will be ab sent two or three months. The thirty-fourth anniversary an

annual meeting of the Young Men' Christian Association will be held i the Association Half on Thursda evening. Theo. H. Hoffmann has disposed of his interest in the Oahu Ice works and will shortly leave for the Coast for three or four months' trip, accom-

panied by Mrs. Hoffmann. W. H. Newland, a storekeeper in th Magoon block, swore to a complain yesterday at the police station chargin "John Doe," a colored man, with having burglarized his establishment of

the night of April 24. A complaint charging Harry Jue with assault and battery was swor to yesterday afternoon at the polic station by H. E. Picker. The latter' face showed signs of having come contact with something.

A crowded house at the Orpheus last night enjoyed many laughs an experienced a genuine thrill when the Ellefords put on the play of Blue Jeans in most creditable fashion. The play will be repeated tonight

The Arnold-Dickson Brothers, the fake mediums, who were convicted in the Police Court Saturday on a charge of pretending to tell fortunes, have booked for passage on the Sonoma which leaves for San Francisco today. Their sentences were suspended. Owing to the many interruptions to

the work of rearranging the collections in the Bishop Museum, caused by the opening of the museum to the public, the trustees have decided to close the establishment entirely for several months and thereby hasten the work of rearrangement. In making the estimates of the heavi-

est rainfall on the islands yesterday the rainfall at Nahiku station, on Maui, was overlooked. The precipitation there was 418 inches, a long way the heaviest fall recorded anywhere on the In fact, this compares with the fall of 600 inches recorded at Chirapunji station, in India.

# Rheumatism

Is a rack on which you need not

suffer long. It depends on an acid condition of the blood, which affects the muscles and joints, causes inflammation and pain, and results from defective digestion and a torpid action of the liver, kidneys and skin.

Sciatica, lumbago and stiff neck are forms of it.

"Hood's Sarsaparilla has cured me of rheumatism. I was so I could not lift anything and my knees were so stiff I could hardly get up or down stairs. Since taking three bottles of Hood's Sarssparilla I have never felt a symptom of rheumatism and I gladly recommend Hood's for this disease." Mrs. HATTIE TURNER, Bollvar. Mo.

## Hood's Sarsaparilla and Pills

Neutralize the acidity of the blood, perfect digestion and excretion, and radically and permanently cure rheumatism.
